

# THE REPUBLICAN

Entered in the post office at Morgantown, Butler county, Ky., as second class mail matter.

PUBLISHED EVERY THURSDAY.

H. B. MOREHEAD Editor and Manager.

THURSDAY, FEBRUARY 4, 1904.

The Battle of "precedence" rages in Washington. Not one of the judges of the Supreme Court attended Mrs. Roosevelt's last musical.

It is said that the administration is trying to bring Russia and Japan together. They seem inclined to get together without much help.

Senator Dulliver has delivered a drastic discourse denouncing Democrats and declaring that duty and discretion directed all doing in Panama.

An original system of wireless telegraphy has been devised. The fact that it was invented by a clerk raises the question can it be made to work.

General Miles has entered vigorously into the Democratic equation. His friends insist that he has no enemies and is the only man whom the Democrats can certainly elect. The combat deepens!

Senator Quay's bill before Congress for the admission of Oklahoma and Indian Territory to statehood provides that these states shall never restrict the right of suffrage by an educational qualification, or on account of race, color, or previous condition of servitude. This is something to think about, and the attitude of statesmen upon the proposition will be watched with interest.

## CURED LUMBAGO.

A. B. Canham, Chicago, writes March 4, 1903: "Having been troubled with lumbago at different times and tried one physician after another, then different ointments and treatments gave it up altogether. So I tried once more, and got a bottle of Ballard's Snow Liniment, which gave me almost instant relief. I can cheerfully recommend it, and will add my name to your list of former sufferers." \$2c, 50c and \$1.00. Sold by A. T. Dockery.

The wonderful metal, recently found in certain areas, and known as radium, continues to excite immense interest among scientists. Sir William Ramsay of England has ascertained that radium gives off a gas which slowly changes into helium, a hypothetical substance known only to the spectroscopist. It is thought the changing of radium into helium makes possible the transmutation of metals. Thus former theories in relation to chemistry may be revolutionized. At present the only practical use to which radium is put is as a remedy for cancer, it being claimed that its rays destroy the cancerous tissue.

## A Prisoner in Her Own Home.

Mr. W. H. Laska, of 1001 Agnes Ave., Kansas City, Mo., has for several years been troubled with severe hoarseness and at times a hard cough, which she says: "Would keep me indoors for days. I was prescribed for by physicians with no noticeable results. A friend gave me part of a bottle of Chamberlain's Cough Remedy with instructions to closely follow the directions and I wish to state after the first day I could notice a decided change for the better, and at this time after using it for two weeks, have no hesitation in saying I realize that I am entirely cured." This remedy is for sale by all druggists.

## Dr. Hunter Hart.

Dr. W. Godfrey Hunter fell on the Capitol steps in Washington the other day and broke two ribs besides being considerably bruised. It is thought he will be out in a few days.

## For Rent

A good comfortable 7-room dwelling, suitable for boarding house, convenient to public square. Pleasant neighborhood. Plenty good water in yard. Further particulars call on V. G. Andrews, Morgantown.

A FREE game inside each package of Lion Coffee.

60 different games.

## A PITIABLE CASE.

### Bryan's Few Remaining Supporters Reading Him Out of the Party.

(Richmond, Va. News Leader.) Notwithstanding that Mr. Bryan twice led the party to defeat, it is undeniable that he has consented to accept the inevitable, kept step with the progress of events and worked for harmony he could still have wielded an influence in the Democratic ranks second to that of no man. He had, of course, become an impossibility as a standard-bearer a third time. But as a subordinate of high place and in the capacity of a pugilist he would have proved a magnet of immense potentiality in rallying the party and consolidating it. We do not know that it is going too far to say that above all other men he was in position to retrieve the disasters his two nominations caused, and certainly it was to be hoped and expected of him that he would labor in that direction. Gratitude to those who have been so loyal to him demanded that he do so. But Mr. Bryan has ignored his every obligation in this respect. Clinging to dead and buried issues with a blind pertinacity and stubbornness that is almost inconceivable, he has set himself up as the great "I am," and instead of laboring for harmony has become a mercurial. The result is as shown by the article in our Roanoke contemporary, that in bitter disappointment papers that had pinned their faith to Mr. Bryan of the last are virtually reading him out of the communion of the party, and soon there will be none so poor to do him reverence. Yes, we repeat, Mr. Bryan's case is a pitiable one. His latter record is a record of wasted opportunity for retaining and vindicating the affections of the Democratic masses, dissipating all suspicion of selfishness and more completely hearing the breach in the party. Verily, Ephraim is joined to his idols.

## ITCH-RINGWORM.

E. T. Lucas, Wilcox, Ky., writes April 25th, 1902: "For 10 to 12 years I had been afflicted with a maddening itchy ringworm. The itching was most unbearable; I had tried for years to get relief, having tried all remedies I could hear of, besides a number of doctors. I wish to state that one single application of Ballard's Snow Liniment cured me completely and permanently. Since then I have used the liniment on two separate occasions for ringworm and it cured completely. 25c, 50c and \$1.00 bottles. Sold by A. T. Dockery."

The Crown Prince of Korea, Prince Euihia, is at school at Roanoke College Va.

Four-fifths of the men in the Transvaal have petitioned for the limitation of Chinese labor.

The Democrats now have thirteen candidates for the presidential nomination. There is lack in odd numbers says Rory O'More.

## What Are They?

Chamberlain's Stomach and Liver Tablets. A new remedy for stomach troubles, biliousness, and constipation, and a good one. Price 25 cents. For sale by all druggists.

Edward Atkinson has plainly shown that the Maine and Panama were blown up from the outside.

## Are You Restless at Night?

And harassed by a bad cough? Use Ballard's Horehound Syrup it will secure you sound sleep and effect a prompt and radical cure. 25c, 50c, and \$1.00. Sold by A. T. Dockery.

## To All Whom it May Concern

As you who know me and my business know I never have pushed but one man since I have been in business, and that is Mr. C. C. Boye. I must ask you who owe me to please come and pay me at once and if I am not here pay it to the bank but to no one else. I am compelled to have the money. I have my farm and stock mortgaged and yet I have three times as much owing to me as I owe. I am still thankful to the people for their patronage and desire to still receive same. I guarantee satisfaction and fair treatment in every respect.

Wishing all a happy new year and inviting you to come to see me.

I am Resp. C. C. BOYE.

## ESTRAY NOTICE.

Taken up as a stray by T. J. Johnson, living in Butler county, Kentucky, near James Colburn's, on road leading from Morgantown and Brownsville road to Threlket, Ky., one deep red heifer with white face, and about year old past, and valued at \$12.00.

This January 10th, 1904.

G. T. Phelps, J. P. B. C.

Filed in my office January 16th, 1904.

T. W. SWARTY, Clerk.

By CLYDE WANE, D. O.

## Your Most Valuable Possession.

(Continued from first page.)

will prove as dangerous as that of a man who, in the midst of a storm, should insist upon holding the needle to a certain point by force, because he wanted to sail in that direction. To try to influence the compass would be to wreck his ship upon the rocks or shoals in his path. There are human wrecks all along the ocean of life who have disregarded or tried to compromise with their compass—conscience.

To keep your self-approval you must be honest. It is impossible to be dishonest and not stand condemned before the bar of conscience. No matter how slight the departure from truth or integrity, no matter how trifling the deception or untruthfulness (if any deception or untruthfulness can be considered slight,) you have been tampering with the needle, and if you persist in such a course you will not reach the harbor you seek.

You can not sell shoddy for all wool thirty-two inches for a yard, thirty quarts for a bushel, or domestic for imported goods; you can not cheat your employer of time or service or by not giving the best that is in you, without compromising with your conscience.

If you keep your self-approval, no matter what other things you may lose you will still be rich. You may lose a fortune, or you may lose one; you may live in a beautiful home or in a cheap boarding house; you may wear rich garments or cheap ones; you may ride in a fine carriage or you may walk; you may keep your friends or you may lose them; you may have the good opinion of the world or its contempt, but if you have never tampered with your conscience, if you believe in yourself, if you approve of your life, if you have been honest and earnest and true, and if you can look yourself square in the face without wincing, you will be happy and successful, even though the world should brand you as a failure.

How many people who are living in fine houses, riding in elegant carriages, and spending money like water, trying to enjoy themselves, would give half, yes, some of them all of their wealth, in exchange for their battered self-approval!

It is said that the basest criminal feels a sense of consciousness of justice, says "amen" to his heart, while he feels the words "That is right, that is right" quivering on his lip, when the judge pronounces his doom.

This voice is his own best self, which never forsakes him and which but he obeyed its warning, would have brought him to victory as surely as the sun brings flowers and fruit to the earth.—Success.

## WEEDS

Consumption is a human weed flourishing best in weak lungs. Like other weeds it's easily destroyed while young; when old, sometimes impossible.

Strengthen the lungs as you would weak land, and the weeds will disappear.

The best lung fertilizer is Scott's Emulsion. Salt pork is good too, but it is very hard to digest.

The time to treat consumption is when you begin trying to hide it from yourself. Others see it, you won't. Don't wait until you can't deceive yourself any longer. Begin with the first thought to take Scott's Emulsion. If it isn't really consumption, so much the better; you will soon forget it and be better for the treatment. If it is consumption you can't expect to be cured at once, but if you will begin in time and will be rigidly regular in your treatment you will win.

Scott's Emulsion, fresh air, rest all you can, eat all you can, that's the treatment and that's the best treatment.

We will send you a little of the Emulsion free.

Be sure that this picture is the face of a man who has recovered from every form of consumption.

SCOTT & BOWNE, Chemists, 409 Pearl St., N. Y.

50c. and \$1. all druggists.

## Chamberlain's Stomach and Liver Tablets. Unequaled for Constipation.

Mr. A. K. Kline, a prominent druggist of Baxter Springs, Kansas, says: "Chamberlain's stomach and Liver Tablets are, in my judgment, the most superior preparation of anything I use for constipation. They are sure in action and with no tendency to nauseate or gripe. For sale by all druggists."

## The Output

The output is the keynote to profit. In deciding upon a price at which to sell, a manufacturer no matter what article he has to offer, considers how many he is likely to sell, and bases his charge accordingly. It is quite feasible, too. If a tailor sells only two suits of clothes each week, his income must come from the profit of these two suits. If he can, however, double or triple his output without materially increasing his working expenses, he can naturally afford to make the profit on each suit much less.

Again, this output decides the buying power. It is only necessary to state that there have been manufactured and sold over

77,000 Emerson Pianos

to prove what the buying power of this great Company must be. This small manufacturer who turns out only a few pianos each month will certainly have to pay more for the material in each piano—there is absolutely no doubt about this.

When you consider these facts and put this truth along side of them, that there are only three companies in the United States who have made and sold so many pianos as ourselves—that we haven't a competitor making a high-grade piano whose output is as large as ours—it needs no argument to convince you that, quality for quality, you can buy cheaper of us than of any one else.

Emerson Piano Co. BOSTON CHICAGO 120 Boylston St. 195 Wabash Ave.

## MORGANTOWN Deposit Bank

Capital, Surplus and Undivided Profits, \$70,000.

OFFICERS: W. A. HELM, President. J. E. DOLIN, Cashier. J. C. FANNER, Book-keeper. J. O. EATSON, Clerk.

DIRECTORS: Senator John W. Martin, Dr. E. A. Cherry, A. Guffy, Math Keykendall, Jas. R. Reed.

## HEALTH

Means the ability to do a good day's work, without undue fatigue and to find life worth living. You cannot have indigestion or constipation without it upsetting the liver and polluting the blood. Such a condition may be best and quickest obtained by herbs, the best liver regulator that the world has ever known. Mrs. D. W. Smith writes, April 8, 1902: "I was suffering, and had it the best medicine for constipation and regulating the liver I ever used." Price: 50 cents. Sold by A. T. Dockery.

Mrs. Jack Gardner, who built an Italian Palace in Boston, has paid to the United States government \$460,000 in duties on work of art. Her Botticelli madonna cost \$63,000.

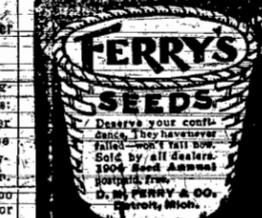

The Herald, having counted noses, reports 103 Democrats in Congress are against the 16-to-1 platform of Bryan, and only 7 in favor of it. But they will find that Nebraska is still to be reckoned with.

Pittsburg has substituted incandescent pianos for steamers in theatres, to avoid fatalities in case of a panic.

## CROUP

Begins with the symptoms of a common cold; there is chilliness, sneezing, sore throat, hot skin, quick pulse, hoarseness and impeded respiration. Give frequent small doses of Ballard's Horehound Syrup. (An child will cry for it) and at the first sign of a croupy cough apply frequently Ballard's Snow Liniment to the throat.

Mrs. A. Willet, New Castle, Colo., writes, March 12th, 1901: "I thank Ballard's Horehound Syrup a wonderful remedy, and so pleasant. 25c, 50c and \$1.00. Sold by A. T. Dockery."

Desires your confidence. They have never failed. DON'T TEST. Sold by all dealers. 1000 Seed Annual. For sale by A. T. Dockery.

# AT COST AND CARRIAGE.

On February 1, 1904, we will begin selling at cost and carriage, CLOTHING, BOOTS and SHOES, HATS, CAPS, SHIRTS & GENTS' FURNISHING GOODS. And we have as good or better line of the above named Goods than any merchant or merchants in the Green River Country, AND THIS IS NOT MERE TALK.

READ THIS.

Louisville, Ky., June 18, 1901. Dr. E. W. Hall, St. Louis, Mo. Dear Sir: I am 68 years of age, and have suffered 25 years from kidney and bladder trouble, and since losing less than one bottle of your Texas Wonder, Hall's Discovery, I have passed twenty-five gravel. I feel that I am almost cured, and can cheerfully recommend you to the public.

Yours very truly H. C. THOMAS, 523 1/2 Third Ave. A TEXAS WONDER. HALL'S GREAT DISCOVERY. One small bottle of Hall's Great Discovery cures all kidney and bladder trouble, removes gravel, cures diabetes, seminal emission, weak and lame back, rheumatism and all irregularities of the kidneys and bladder in both men and women; regulates bladder troubles in children. If not sold by your druggist, it will be sent by mail on receipt of \$1. One small bottle is two months' treatment, and will cure any case above mentioned. Dr. E. W. Hall, sole manufacturer, P. O. Box 524, St. Louis, Mo. Send for testimonials.

You need a New York daily paper from now until after the fall election next year. THE REPUBLICAN is in a position to offer you the best of all New York papers and the Morgantown REPUBLICAN one year for only \$4.50. The Daily and Sunday Press and HERALD one year for \$2.00.

PERSONALS

Mr. Nicholas of Woodbury, is attending court this week.

Miss Edie Ward is visiting relatives in Bowling Green.

Lessie Smith has been on a trip to Louisville.

Uncle Jim Rives was the first subscriber to inform us where the passage of scripture (Rev. 16: 20) given in last issue could be found. Prof. Duffin was a close second.

Harley F. Harrell, who has been very severely afflicted with a galling in his head for a week or more, suffered a slight relapse last Sunday by taking a deep cold but it is thought to be improving now.

Theodore Bowders, of Owensboro, was in town first of the week interviewing the Morgantown. Band with reference to a whole season engagement next summer playing for his street fair, which will travel all over the south. They played a week for Mr. Bowders last year at Catboon.

Favors by subscriptions this week: Rev. A. B. Gardner, Miss Eva Hudson, J. H. Porter, Aunt Sallie Flowers, W. M. Blount, J. C. Doolin, G. T. Phelps, A. J. Snodgrass, N. Elmer, J. B. Roland, Job printing, Morgantown Deposit Bank, John W. Moore, Dr. A. E. Gardner, Miss Laws Hotel, Sheriff M. J. Johnson and W. H. Sharer of Leitchfield.

Our weather made the nearest approach of the season to zero last week being only one or two degrees above on Wednesday morning.

The revival meeting conducted by Messrs. McMillan and Harper at Woodbury has accomplished great good, there being about thirty professions and the good work is still going on.

Chester Briggs, son of our popular barber Jon Briggs, has recently inaugurated a new and much needed enterprise of cleaning and pressing clothes. He makes old clothes look like new.

Expect it would be a good idea to see N. W. Gore and select your reserved seat at Col. Atchison's lecture so as to be in good time. Many people put off buying their reserved seats until after the doors are opened and then of course all is confusion and you have to take whatever you can get.

Mr. Editor: As you wanted the name of the first subscriber who can tell the book, chapter, and verse in the Bible where this course: "And every island fled away and the mountains were not found." Nevertheless this chapter and verse. Now some one please tell the book, chapter and verse where this scripture occurs. Before the mountains were settled, before the hills were I brought forth."

Yours truly, DICK PEAT.

Woodbury Wonderfully Blessed. Messrs. McMillan and Harper have just closed a most wonderful revival meeting at Woodbury. The town has been wonderfully blessed. Some remarkable conversions are reported, among them Uncle Joe Ellis aged 81 years, who was always an unapproachable sinner made a bright profession of religion and is working on the Lord's side every where he goes. Also our friend Brower Woods has left the bondage of sin, and is truly converted. Some 26 other conversions are reported mostly among grown people.

Bravely Tortured. A case came to light that for persistence and unperceived torture has perhaps never been equaled. Joe Gotobick of Coleson, Calif., writes: "For 16 years I endured insupportable pain for Rheumatism and nothing relieved me though I tried everything known. I came across Electric Bitters and it's the greatest medicine on earth for that trouble. A few bottles of it completely relieved and cured me." Just as good for Liver and Kidney troubles and general debility. Only 50c. Satisfaction guaranteed by A. T. Dockery Druggist.

DeWitt's Witch Salve For Piles, Burns, Sores. Warts on her fingers, corns on her toes, she will be miserable wherever she goes, unless she uses Dr. Woodhall's Corn Cure. 15 cents at drug-gists, or sent by mail on receipt of price by J. C. Henderson, Evansville, Ind.

Found a Cure for Indigestion. I use Chamberlain's Stomach and Liver Tablets for indigestion and find they suit my case better than any dyspepsia remedy I have ever tried. And I have had many different remedies. I am nearly fifty-one years of age and have suffered a great deal from indigestion. I can eat almost anything I want to now. Geo. W. Brown, Hook Mills, Ala. For sale by all druggists.

CIRCUIT COURT.

Convenced Monday Morning the Most Important Court for Years.

VERONA FLENER ON TRIAL.

Butler Circuit Court convened last Monday morning in regular order. Judge J. M. Galloway presiding. Commonwealth's Attorney N. T. Howard representing the State.

Judge Galloway's charge to grand jury was exceedingly able and to the point, giving particular stress on offense of carrying concealed weapons, whiskey selling and violations of the election laws. The Judge by his great eloquence and fairness in his rulings has favorably impressed all with his determination to be an upright and just judge of all the people.

The jury selected are as follows: GRAND JURY. Commodore Howerton, M. M. Hutcheson, B. P. Newton, Thomas Elmore, A. Z. Dockery, Jasper Romans, Hubert Leo, Silas Barrow, Henry E. Turner, Jno. W. Henderson, Had Baynes and Jake Phelps.

PETITORY. Ben Goodall, Turner Watkins, Jno. W. Flener, Robt. Statcher, Allen Bailey, Jno. Snodgrass, Howard McCoy, Calvin Ross, James Stewart, V. G. Andrews, James W. Cook, W. W. Gaines, H. N. Gray, Joe G. Austin, T. H. Gott, Monroe Coy, John Shannon, J. B. Swatt, Henry Rock, Wm. Conway, Jno. Lee, Mike Doolin, John Grubb, M. K. Kenney.

Visiting Attorneys: J. H. Gilliam, of Scottsville, Toose Wilkins, of Bowling Green, and W. S. Proctor, of Leitchfield.

Verona Flener. Great interest attaches to this court on account of the sensational trial of Verona Flener for murdering his wife last summer. His case was reached Tuesday and after counsel for the defense had prepared affidavits in an effort to secure a continuance of the case the Commonwealth forestalled their effort by admitting the testimony which defense claimed in their affidavit they could produce and the case was ordered to trial.

Verona Flener is in progress at present and at the time of going to press the following jurors have been accepted by the Court and the Commonwealth: J. W. Cook, R. W. Shannon, J. H. Swatt, Miss McKenney, John Grubb, Wash Brown, W. T. Ricketts, James Bellamy, Joe E. Taylor, J. K. Lee, Dock Henderson and Lon Tuck.

The defense has 15 challenges and the Commonwealth has three more challenges having exhausted two of their five challenges.

Both sides have announced ready and it seems certain that a jury will be empaneled and the case go to trial. About 100 witnesses are in attendance.

It is not likely that all of the above named jurors will compose the jury since the defense has at the time of going to press not used any of its 16 challenges.

LATER: The defense have challenged Shannon, Ricketts, Cook and Swatt and they have been excused, others will be selected to take their places.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable. Almost everybody who reads the newspaper is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Aunt Sookey.

Well, it ain't one thing it is two. They tell me now that there is a broken out gun the rounds they call the ditch meesels. I never had 'em. I had the common white folks meesels but I never had the ditch kind and I don't want 'em, but like as not I'll be laid up with 'em. But then I've got look of yerbs on hand.

There has been a terrible lot of bad cold weather this winter and it is still a-ragin'. It don't seem much like doing anything outside for a long time. About all I can do is to get around and plan and do, but not for Jos. I think I'll try forty seeds this year. I used to be a grate hand for Burpees but I had powerful bad luck last year and I don't whether it was the seeds or the moon but I'll try a change.

Old Mr. Blackburn sent me some seeds from Washington but I think I will send 'em back to the old feller. I don't think they would sprout in my garden. Them Washington seeds never was no count but Mr. Blackburn can help it. That's one reason they ought to have elected Mr. Brian.

And I am going to move my little bed from the place it was. O. I was about to forget it but I am going to bet the better retain only try in chickens this spring. I set a hen last week and am going to set another just as soon as I can get the eggs. She is a-sittin' now but I haven't set her. Now some smart people that make fun of Aunt Sookey want see how this is.

I was surprised and glad to see the attendance at church last Sunday was so much increased, even this bad weather. The school helps a heap and that it is no good for the boys to stay outside till the girls cum out to go home so they go inside and that helps a heap too.

O, I was reelin' of the awful sorrow and sufferin' amongst the poor people in the city of Louisville. I tell you it is awful and makes us people who thought ourselves so pore, feel rich. There is a little few of our people that have to sleep on a pile of rags or shun what they eat out of the slop barrels of the rich. We don't har to.

Yes this is the best poor folks country in the world and that's the reason I stays here. And there ain't as mean and low down persons here in this country as there is in them gillees and this is another reason I stays here. Jest to think of the horrible murder of that party young lady in Bedford, Ind. It is too awful. We don't often have such terrible things in our country and we ought to be thankful for that too.

Of course we had a party bad thing to happen not long ago but the only man in our country that could do such a thing is in jail now and will never spend another free day and may be not never more of any kind. May the Lord have mercy on his soul.

That nite last week was the outdumbest coldest nite we have had and of I hadn't a-bite mitey thoughtful I would a-lost ever taster I had. And my water barrels wad a-busted but sea I to myself, its goin to be cold tonite, so I went and cooked all my taters for supper and put some sticks in my rane barrens. It pays to be prepared.

Any one having a fat hog or calf, steer or cow or year will do well to call on R. D. Beesley, Morgantown, before making a sale. Phone No. 79.

When you get hungry in Morgantown don't fool your money away but go to Green Bro's meat market and get a good juicy beef steak and coffee like your mother used to make.

Judge Galloway's Appointments. Judge Galloway has made the appointment of the following officers: It was his duty to appoint in this judicial district.

In Allen County he appointed M. B. Dixon as both Master Commissioner and trustee of the jury fund.

In Warren County he appointed George H. Galloway as Master commissioner and M. M. Engle as trustee of the jury fund.

Last Monday when court began here he appointed Greenville Willis Master Commissioner and J. D. Tanner as trustee of jury fund.

Col. John D. Atchison the distinguished lecturer who lectures here on the 18th, has traveled extensively in Europe and is one of the most thoroughly informed men of our times.

When bilious try a dose of Chamberlain's Stomach and Liver Tablets and realize for once how quickly a first-class up-to-date medicine will correct the disorder. For sale by all druggists.

IT IS A MATTER OF HEALTH

ROYAL BAKING POWDER Absolutely Pure THERE IS NO SUBSTITUTE

Woodbury. The revival which is being conducted by Messrs. McMillan and Harper still continues with much interest. There have been twenty eight conversions. Both ministers are very popular with this people.

Miss Bertha and Florence Baskam, of Little Muddy, visited friends here last Sunday.

Miss Maria Lykins has returned from Little Muddy where she has been teaching a class in music.

Mr. J. H. Beavers, of Green Castle, visited his daughter Mrs. F. H. Stahl, last Sunday.

Messrs. Gentle Pearson and Ray Stewart, of Little Muddy, attended church here last Sunday.

The passage of scripture referred to in last week's issue can be found in Rev. 16:30 "And every island fled away, and the mountains were not found."

Health generally bad, plenty of La-grippe. Nute Abney, who has been sick so long, is able to be out again.

Mrs. Margaret White is somewhat improved but not able to be out yet.

Mrs. Kliah Haven is very low of lung trouble and Uncle J. O. Taylor is very sick of chronic nephritis.

C. A. Embury is still on the sick list but is improving.

Mrs. Calla Daugherty, of Dawson, is very low suffering of lung trouble.

We have had one wedding since our last writing. Hezekiah Haven to Miss Fannie Flener on the 24th ult. We are anticipating another one the last of this week if there is any sign in the way the wind blows.

The infant of Ezra Wilson died on the 28th ult.

E. L. Howard, of Dexterville, has sold his stock of groceries to Arch Moore, of same place.

Born to the wife of Ben Phelps on the 28th ult. a bouncing boy. No more for this time. SAMUEL SWITTS.

DR. FENNER'S Kidney Backache Cure

Also Purifies the Blood. Don't become discouraged. There is a cure for you. If necessary write Dr. Fenner. He has spent a lifetime curing just such cases as yours. All consultations FREE.

The growing popularity of the Great Southwest and the continual increase in travel to that section, especially on the first and third Tuesday of each month.

Return. Tourist Sleeper will arrive Saint Louis following Monday in Train No. 6 scheduled to arrive Union Station 7.20 a. m., connecting with all lines diverging. Schedule and rates (per double berth) as below:

Table with 3 columns: South, Berth Rate, North. Rows include Frisco System, Ar 7 20 am, Ar 12 05 am, Ar 10 40 am, Ar 12 20 am, Ar 11 15 am, Ar 6 50 am, Ar 5 45 am, Ar 9 10 p m.

Returning, Tourist Sleeper leaves HOUSTON First and Third Saturdays 9.10 p.m. For reservation address (in person or by letter) nearest local representative of Frisco System, or district representative as follows: K. M. Wishard, I. P. A. St. Louis Mo. J. Stuart Taylor, J. I. A. Evansville Ind.

THE GREEN RIVER DEPOSIT BANK ROCHESTER, KY. Pays Interest on time Deposits.

Davis' Carbide Feed Generator. "RUNS LIKE A CLOCK." It is the most practical, compact and safest Generator ever constructed. Acetylene Gas lighting is no longer an experiment. Unexcelled for homes and business places. Better than city gas at much less cost.

ARE YOU SORE? USE Paracamph. Relieves Instantly or Money Refunded. Muscular Rheumatism. Sore Muscles, Sore Joints and Neuralgia. The only External Remedy which will Sweat Out the Fever and Inflammation.

There is some talk of organizing a Young Men's Christian Association at this place. Let us have it by all means. It took 25 years to perfect Dr. Chamberlain's Pipe-Balsam, but it takes only 25 minutes to relieve your cough and 25 hours to cure most cases of coughs, colds and La-Grippe, and it costs only 15 cents for a large bottle. Sold by A. T. Dockery.

CASTORIA. The Kind You Have Always Bought. For Infants and Children. Bears the Signature of Chas. H. Littleton. Bon Moore is on the sick list this week.

# The St. Louis World's Fair is the next thing

## UNCLE SAM'S FARM THE LARGEST ORGAN TO SUPPLY THE WORLD

A World's Fair Exhibit of Value to All Ruralists.

A World's Fair Attraction in Festival Hall.

Kentucky Coal Fields Will Be Turned To In Future.

### LESSON IN FORESTRY AND CROPS

Government Expert Has Designed Novel Farm and World's Fair Visitors May Learn the Value of Timber For Windbreaks—A Nursery For Forest Trees.

A model farm, representing a section of land 100 acres in extent, illustrating especially the value of tree planting and the rotation of crops, will be one of the interesting and valuable exhibits provided by the United States government at the World's Fair.

George L. Clothier, Field Assistant to the United States Bureau of Forestry, and in charge of the cooperative tree planting, has been allotted a large area adjoining the six-acre farm of the United States, that is worked out with the representative crops of the various states and territories.

The 100 acres, reduced in times, is laid out as a model farm. The farmstead occupies the northern corner of the site and contains 830 square rods. A model farmhouse, with model barn, stables and outbuildings, are to be erected. There is an orchard, vineyard, garden, stock and poultry yards, pig sties, and all of the other equipments for a farmstead.

The fence is all of the same size, 39 by 117 rods. Five of them run east and west and are parallel. The fifth is on the north end of the tract, and with the farmstead, are as long as the other five combined are wide.

Windbreaks are planted on the south and west sides of the entire farm. The windbreak is placed here because the prevailing winds in Missouri and Kansas come from those directions. On a farm of 100 acres these windbreaks would be a belt of trees 8 1/2 feet thick. On the model farm at the World's Fair all of the trees best adapted for the purpose will be shown. On the bottom land the best trees are cottonwood and box elder. On the uplands ash and osage orange make good windbreaks.

### INSTRUMENT OF 10,000 PIPES

The Great Pipe Organ Has One Hundred and Forty Stops and is as Large as a Brick Block—Can Produce Over Seventeen Million Distinct Tones.

The largest organ in the universe, a masterpiece of melody-speaking in thunder tones, is the unparalleled attraction of the Hall of Festivals at the World's Fair.

It is an instrument capable of producing 17,378,869,188 distinct tones or facts, a continuous performance that would last 32,500 years, if a different one of these combinations were drawn every minute in those centuries of time.

This master melody of the world is not measurably greater, but surpasses it in the greater Titan of harmony ever wrought by the hand of man.

The wonderful impressiveness of its proportions and its overpowering volume of sound are the least of its remarkable achievements. In the realm of instrumental music, that its thousands of pipes sound the profoundest depths of the grand passions as easily as the wind stirs leaves to fairy cadences is an indelible part of its accomplishments.

Efforts never heard outside the grand orchestra with the maintenance of this colossal piece of expressive powers far in advance of other organs. All of the wind instruments of the band are contained within its vast compass.

Large as a brick block, 62 feet long, 40 feet high and 33 feet wide, and possessing 149 stops, 238 movements and 10,059 pipes, it overshadows the most famous instrument of Christendom. It cost approximately \$100,000. Only two master musicians may command its marvelous volubility.

Two electric motors, each of 10 horse power, drive this factory of sound, the construction of which required 100,000 feet of lumber and 115 miles of wire. The metal pipes alone

consumed 16,000 pounds of zinc and 8,000 pounds of soft metal; its wooden pipes contain 35,000 feet of California sugar pine.

The two pipes drawing the lowest tones are each 32 feet long; two good sized men, side by side, or a small boy can pass through them. A train of 10 cars is needed to transport the monster from Los Angeles, Cal. to St. Louis.

The only organ in the world that even approaches this one in its immense instrument in the Town Hall at Sydney, New South Wales. The Australian giant has 128 stops as compared with the 149 stops of the World's Fair champion.

The next organs in rank are those of the cathedral at Riga, Russia, with four manuals and 124 stops; Albert Hall, London, four manuals, 109 stops; Garden City, L. I., four manuals and 116 stops; Chicago Auditorium, four manuals and 111 stops; Leeds Town Hall, England, four manuals and 110 stops; Seville, Spain, three manuals and 110 stops; St. Paul, Paris, five manuals and 100 stops; St. George Hall, Liverpool, four manuals and 100 stops, and Tim cathedral, four manuals and 100 stops.

Five separate organs are combined within this enormous mass of engineering, electrical mechanism and wind pressure. The first, or great organ; the second, or choir organ; the third, or swell organ; the fourth, or solo organ; and the fifth, or echo organ.

The echo organ alone is 18 feet wide, 17 feet high and 10 feet deep. It has a special bellows 12 feet long by four feet wide, operated by a motor of one and one-half horse power.

The five organs can be automatically played at one time by a double roll self-performing attachment on a separate console or key desk. This arrangement draws out the tremulous power and beauty, a feat utterly beyond the range of human fingers.

### SAFETY DEPOSIT BOXES FOR VISITORS TO WORLD'S FAIR

A novel and useful concession at the World's Fair will be that of the Safety Deposit Vault. This concession, which was recently granted, will be of great convenience to visitors. A fireproof building containing about 2,000 safety deposit boxes will be erected. The location will probably be at the northern end of the Model street. Visitors may leave their valuables and such money as they do not need for the moment in the boxes without danger of loss or theft. They need carry only enough cash for their immediate use, returning to the safety deposit boxes to retrieve their exchequer.

### GOVERNMENT BUILDING

Russian mulberry and white elm or hackberry, with ash or Russian willow olive, prove very effective. All of the various combinations will be shown in the World's Fair windbreaks. The young trees for these windbreaks are not planted irregularly, but are set out in square-like rows and are well spaced.

The fences between the fields, too, are exhibits of forestry. Trees will be planted at regular intervals and the wire fencing will be thus called to live posts. This will demonstrate economy both in space covered and in the cost of building. In addition to their uses as live fence posts these rows of trees constitute subsidiary windbreaks.

The windbreaks serve to protect the crops in the fields. When the hot winds sweep toward the fields they strike the belts of trees, are loosed in the air, and pass over the field. The shade they cause conserves the moisture in the soil and serves the farmer in other valuable ways.

The rotation of crops, an essential part of this model farm, is a full of valuable and practical information. On 14th six-foot farm Mr. Clothier has arranged for a two-acre rotation. On one field alfalfa will be planted, and it will be shown that this must be left for five years to obtain the best results for both the crop and the land. Another field will be planted to timothy or clover. Another will be planted to timothy and left for two years. Other fields will be planted to corn, oats and wheat, and the reason why wheat or corn should be planted in a field on which the year before clover or alfalfa grew will be practically demonstrated.

Another feature of this government exhibit, but shown outside the model farm, will be a nursery for forest trees and evergreens.

### CALIFORNIA'S HUMB CRAWFISH

A huge crawfish, resembling a baby whale in size, will be exhibited by Santa Barbara county, Cal., at the World's Fair. The specimen was caught recently in a trap which was set in the channel a short distance off shore from San Luis Obispo, Cal. In length it measured exactly 27 1/2 inches from the end of the tail to the end of the "feelers." The fish is 20 inches around the head and weighs 10 pounds. It is the largest of its kind ever taken from the water. A large metal box in which it was made in which to keep him while on exhibition at the Fair. Sixteen gallons of alcohol will be required to preserve the fish.

## Try for Health

222 South Texas St., Chicago, Ill., Oct. 15, 1902.

Eight months ago I was so ill that I was compelled to lie or sit down nearly all the time. My stomach was so weak and upset that I could keep nothing on it and I vomited frequently. I could not urinate without great pain and I coughed so much that my throat and lungs were raw and sore. The doctors pronounced it Bright's disease and advised that it was consumption. It mattered little to me what they called it and I had no desire to live. A sister visited me from St. Louis and asked me if I had ever tried Wine of Cardui. I told her I had not and she bought a bottle. I believe that it saved my life. I believe many women could save much suffering if they but knew of its value.

*Virginia Oxenbun*

Don't you want freedom from pain? Take Wine of Cardui and make one supreme effort to be well. You do not need to be a weak, helpless sufferer. You can have a woman's health and a woman's work in life. Why not secure a bottle of Wine of Cardui from your druggist today?

### WINE-CARDUI
